

Technical Data Sheet

Auto75 Exhaust Paste

PRODUCT DESCRIPTION

Bondloc Exhaust Paste is a water based, heat resistant paste based on inorganic water-based binders and heat resistant filled. For use in the assembly of exhaust systems for automotive and general industrial applications. The heat curing mechanism provides quick assembly time. Bondloc Exhaust Paste is a handy powercan dispensing cartridge, recommended for use with full exhaust system assembly, manifolds, joints, silencers and any high temperature static joint assemblies.

APPLICATIONS

Bondloc Exhaust Paste is recommended for use with full exhaust system assembly, manifolds, joints, silencers and any high temperature static joint assemblies.

INSTRUCTIONS FOR USE

Remove all dirt, grease and loose rust from the surface. Slightly roughen the two surfaces to be jointed with suitable abrasive. Apply the paste liberally to all joints and assemble, removing any unwanted excess. Hardening is accelerated by heat from the exhaust system once the engine is running, the system is sealed once the product has hardened. All equipment can be cleaned with warm water and detergent.

TECHNICAL FEATURES

Appearance	Smooth thixotropic paste
pH	13
Oxidation Resistance	Excellent
Service Temperature	Up to 1000°C
Specific Gravity	1.80- 1.90 @ 20°C
Slump Resistance	Excellent
Shelf Life	12 months minimum if kept in cool, dry conditions

HEALTH & SAFETY

This technical information sheet does not constitute a Safety Data Sheet (SDS). Before using this product ensure you have read and fully understood this products SDS.

PACKAGING FORMAT

220ml (power can)
